Customer Review:

Hi everyone,

I followed John's lead today and purchased the max of 10 Battle Cat figures at Mattycollector right at noon today. I immediately started doing Buy It Now auctions on them throughout the day and sold 9 of them for anywhere from 59.95 to 79.95. Needless to say, it was successful for me just about doubling my money after fees and a whole lot of fun. I would love to do this every single day. Many thanks to John and this great opportunity and generosity on his part.

Customer Review:

As an eBay Education Specialist, the most-asked question I get from students is, "Where can I find stuff to sell?" I highly recommend John's course as an answer to this question. He not only shows proof of his deals and sales. He reveals the sites he uses to find his treasures. You can succeed at this if you know where to find the products.

Customer Review:

Hi John,

I wanted to try out the tips you gave, so I went to Target last week and found deal to resell on eBay. What I found was a Leapster Leap Frog Learning Game which cost me \$6.00. And it sold! I made approximately \$6.00 profit, so I doubled my money!

I was so happy to get “real” information that I could start making money with right away! Thanks again,

Lori James

Customer Review:

Hi,

I recently found iPod accessories in the clearance isle at Walmart. I picked up \$5.00 worth at \$0.50 each. Not knowing anything about iPods or accessories for them. I compared to completed listings and tried to stay close to the average sales price. I sold two Apple iPod nano armbands, One on buy it now for 2.99, 2.55 shipping. The other 1.99 auction with 2.55 shipping Also an XtremeMac iPod nano super clip \$5.75 fixed price free shipping, shipping cost 2.36 A Body Glove protective case for iPod Classic for 9.99 fixed price, free shipping. 2.70 to ship it. These last two sold w/in 2 hrs of listing them Still have the others, nano folio, leather case and some neoprene skins (Belkin Products) Have to work some more on flipping these Not a big deal but a small win for me.

Good video by the way, Keep up the good work

David
